

Polasaí Bia Sláintiúil

Cúlra

Tá bia agus deoch an-tábhachtach don saol. Glacann siad ról lárnach inár bhforbairt – go fisiciúil, go meabhrach agus go mothúchánach. Ós rud é go gcaitheann daoine óga go leor ama ar scoil tá sé an-thábhachtach oideachas a chur orthu agus tacaíocht a thabhairt dóibh ar an ábhar seo chun go nglacfaidh siad freagracht maidir le cúrsaí bia agus cothú agus conas roghanna cearta a dhéanamh.

Táimid chun cur chuige iomlánaíoch i leith an pholasaí bia sláintiúil a ghlacadh le tacaíocht againn ó phobal Gaelscoil na Mara ar fad – baill foirne, tuismitheoirí agus scoláirí. Leis an dtacaíocht seo creidimid go n-éireoidh linn ár spriocanna a bhaint amach.

Background

Food and drink are an essential part of our daily lives. They play a fundamental role in the development of the human being, physically, mentally and emotionally. As young people spend such a large part of their life in school it is important that we educate, support and create a sense of responsibility around food, nutrition and making good choices.

Here at Gaelscoil na Mara we are taking a holistic approach to our healthy eating policy and believe that being supported by the whole school community including staff, parents and students will lead to success.

Réasúnaíocht

Is iad sláinte agus cothú bunchlocha an tsaoil sona, folláin agus fada. Leis an méadú sna huimhreacha i murtall i measc leanaí creidimid go bhfuil an t-am tagtha chun athraithe a dhéanamh dár dtimpeallacht scoile. Athraithe, atá cruthaithe ag taighde, a chuirfidh le dea- shláinte na bpáistí agus a chuirfidh le laighdú neamhláithreachais chomh maith le feabhsú ar chomhdhíriú, iompar agus féin-mhuinín na bpáistí dá bharr. Is cuid den churaclam é an polasaí seo ina chlúdaítear na hábhair OSPS, OSIE agus Corpoideachas.

Rationale

Health and nutrition form the basis for long, healthy, happy lives and with increasing rates of childhood obesity we feel now is the time to make pro-active changes to our school environment. Research has proven that good nutrition not only leads to good health and consequently less absentee days, but also positively impacts on concentration and behaviour as well as self-esteem. This policy forms part of our educational curriculum through the subjects SPHE, SESE and PE.
